

Remarks

This is a preliminary amendment before a first action on the merits. The purpose of the claim amendments is to more particularly point out and distinctly claim that which the Applicant considers to be patentable subject matter of the present embodiments. The amendments are proper, do not add new matter, and are not narrowing in view of a prior art rejection.

Conclusion

Applicant respectfully requests that prosecution on the merits proceed on the amended claims herein. Should any questions arise concerning this preliminary amendment, the Examiner is encouraged to contact Applicant's representatives below.

Respectfully submitted,
